## FEATURES & SPECIFICATIONS

- 1 Quick-Fit™ steering control levers, the Operator Suspension System and a spacious footplate reduce fatigue for comfortable operation.
  - 2 Double-tube mainframe makes the Cheetah II tough, durable and dependable year after year.
  - 3 Extra-low center of gravity gives the Cheetah II surefooted stability on a wide variety of terrain.
- Fabricated, welded and reinforced Velocity Plus™ cutter deck is ultra-strong and truly commercial-grade. Tri-Plate deck top is nearly ½" thick.
  - Dual tanks provide up to a 13-gallon fuel capacity to keep you mowing for hours, ensuring better productivity.
  - Heavy-duty Ogura GT5 (350 ft lb) clutch; adjustable air gap for long service life.
  - Foot-operated parking brake allows the operator to apply the brake without removing hands from the steering controls.
  - Large-capacity hydraulic system increases component efficiency and extends system life.
  - Extra-large drive tires provide dependable traction and a smooth ride.
- 6"-wide, flat-free front caster tires have tapered roller bearings in the axles and pivots for long life; lip seals keep grease in and dirt out.

Available in standard Cat's Eye Gold or Blackout paint scheme. Blackout paint scheme is exclusive to the 38 hp Kohler® EFI engine.\* Actual seat may vary.

# CHEETAH II

Torsion-spring suspension seat adjusts to operator's weight to provide superior comfort on most models, excluding 31FX and 36BV. All seats feature 4-point rubber iso-mounting to further absorb vibration.

Dual, integrated ZT-5400® Hydro-Gear® transaxles give you responsive, dependable power. A cooling fan on each unit keeps operating temperatures low. Two-speed settings let you choose either Low Range to travel up to 12 mph or High Range for up to 16 mph.

Operator-friendly instrument panel includes a conveniently located ignition switch, cutter-deck-engagement switch, choke, throttle controls and Tiger Eye™ Advanced Monitoring System.

## OPERATOR SUSPENSION SYSTEM

Isolates the operator station from the effects of rough terrain. A coil-over shock provides effective suspension action right where it's needed, and only where it's needed, for a smooth ride. Adjust the suspension system on the fly from firm to soft with a selection of five settings to match your personal preference.

This ultra-simple design utilizes only three moving parts to cushion the operator while maintaining the structural integrity of the mower's frame. Most importantly, this suspension system has no negative effect on the quality-of-cut.

## SCAG EXTENDED WARRANTY PROGRAM

Scag's new Extended Warranty Program is better than ever. Protect your investment and enjoy peace-of-mind knowing that your Scag equipment is covered for years to come. Consult with your Scag Dealer for more information.

\*Warranty time periods are from the date of purchase, are only applicable to the original owner and are non-transferable. Warranty does not cover wear items, misuse, abuse, lack of maintenance, etc. See the Limited Warranty Statement in your owner's manual for more details.

\*\* "Non-Commercial" is defined as single-property usage, where the single property is the residence of the owner of the product. If the product is being used on more than the owner's single property, it is deemed commercial use and this warranty does not apply. Scag Power Equipment reserves the right to deny and/or void this warranty if evidence clearly points to commercial use.
